

Worksheet #

3.23

"In photography there are no shadows
that cannot be illuminated.

- AUGUST SANDER

THE ART OF SILLINESS

An Online Workshop with Carla Sonheim • Session III • Thursday, 1/27/11

Photography Exercise #3
by Steve Sonheim

FACES

No real explanation needed here... just make a lot of faces using different stuff.

Tip: Set up on a table near a north-facing window (avoid direct sun) and use a white pillow opposite the window to bounce light into the shadows.

EXTRA CREDIT

Make an animation by changing the expressions and putting all the shots into a slide show.
