THE ART OF SILLINESS

An Online Workshop with Carla Sonheim • Session 5 • Wednesday, 2/8/12

Drawing Exercise #1

DRAW A SCHOOL OF FISH!

Draw this fish as many times as you can for two minutes using your dominant hand and permanent marker (no erasing!).

Now, switch to your **non-dominant hand** and fill the page with wrong-handed fish for the next five minutes!

Overlap them, make them bigger or smaller, even turn them around facing the other way if you need a small challenge. But try to hold your pen loosely in your hand and draw continuously during the whole time. (Remember to breathe!)

EXTRA CREDIT

Color!

Fleet words are nonsense words spoken in the Land of Fleet. Each session the Squeen adds new words to the Sillictionary. Finish the words and post online!

TA _____

That fish is pretty simple, isn't it? Squeen says it's supposed to be.
