

"I think an artist has always
to be out of step with his time."

- ORSON WELLES

THE ART OF SILLINESS

An Online Workshop with Carla Sonheim • Session 4 • Thursday, 5/26/11

STEP 1

Quick! Pick two numbers between 1 and 6,
and write them in the circles below.

STEP 2

- | | |
|-------------|---------------|
| 1. cat | 1. sunglasses |
| 2. dog | 2. bow tie |
| 3. flamingo | 3. pants |
| 4. mouse | 4. shoes |
| 5. cow | 5. wig |
| 6. hippo | 6. necklace |

Find your first number in the first column and write it
down. Do the same with the second number/column.

STEP 3

You now have an animal and
"something to wear" to work with.
Use this box to write down several
ideas of how to COMBINE your
two elements together in a drawing.
Think of at least two different ways
you can combine the imagery.

Try to think beyond just putting
sunglasses on a cat, for example.
How about cat-shaped sunglasses?

STEP 4

Illustrate your favorite solution here!
