Drawing Exercise #11

By PROCLAMATION
of the Squeen,

**"DRAW"
WITH
YOUR
EYES**

Today your assignment is to draw the things around you — trees, cars, flowers, dishes, toys, faces — with your eyes ONLY. No pen or paper today! Just pick an edge of your object and "draw it" with your eyes. You can also "draw" photographs or other 2D references.

EXTRA CREDIT

Draw the things around you a second time using your right index finger. (Hint: It's easier if you close one eye.)

Are we supposed to wave our fingers in the air?

Pretty sure that's what she means.

Help the little ant wind its way home.
